These are housed in the Leader's Toolkit only.

On the navigation tab you will see an option for 'Playlists' (1.). In the 'Playlists' dropdown menu you will see the option for IMI Leadership Webinars (2.), click on this and you will be brought to the full back catalogue of IMI Membership Leadership webinars. Tracking CPD Points with the IMI Knowledge Centre

The IMI Knowledge Centre is a library and not a Learning Management System. As such, your usage of it is anonymous as per data protection laws.

However, the Leaders' Toolkit and the HR Toolkit do have the option for you to access your own personal "Learning Log" report.

To access the report, go into the toolkit that you have been using and click on the "Learning Log" button (1.) at the top right-hand corner.

This will bring up your two reporting options, 1. Total Time Spent in Resources or 2. Time Spent This Month. This will generate an excel spreadsheet report that you can then use for logging your self-directed CPD.
