## Presentations

Formal talks or lectures where a speaker shares their expertise on a topic.

## Panel Discussions

Interactive discussions with a group of experts who provide diverse perspectives on a subject.

## Round Table Discussions

Open-ended conversations where all participants can share their ideas and experiences.

## Debates

Structured arguments between two or more sides on a controversial issue.

We welcome a variety of engaging session formats to foster rich discussions and knowledge sharing at the 2025 SAI Annual Convention.

# Session Duration

At the 2025 SAI Annual Convention, each session will be 40 minutes long, and should include time for questions from the audience. Suggested format:

30 mins for presentation

10 mins for Q&A

We may be able to adjust the timing if a speaker's topic requires more time to cover. This is to ensure that all attendees have the opportunity to engage with the speakers and gain valuable insights from the presentations.
